VOLUME CVI--NO. 247.

ALEXANDRIA, VA., WEDNESDAY EVENING, OCTOBER 18, 1905.

PRICE 2 CENTS.

DO YOU FEEL THIS WAY.

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at night unable to sleep? Are your nerves all gone, and your stomach has ambition to force ahead too far in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your sluggish liver to work. It will get into every vein in your body and purify your blood. It will set things right in your stomach, and your appetite will come back. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding in the lungs, it will bring about speedy cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice.

G. S. Cooper, Esq., of Mount Union, Huntington Co., Pa. (Box 122) writes: "About twelve years ago I was suddenly taken with a violent attack of the stomach which was so violent I could not walk straight. It would grow more severe until it caused waterbrash and vomiting of a slimy yellow water. A physician told me I had a form of dyspepsia and treated me for about six months with but little benefit. Another physician told me my liver was out of order and that I had indigestion. He gave me a treatment and I got some better but only for a short time. I then tried another one, who said I had chronic indigestion, ulceration of the lining of the stomach, torpid liver and kidney affection. He treated me for more than a year, and I felt much better, but it did not last. I then took to using several widely advertised patent medicines, but received no more than temporary relief. I then tried Dr. Pierce's medicine, using his 'Golden Medical Discovery,' and the 'Pleasant Pellets,' and in two months' time I was feeling better than I had for years before."

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

MAN APE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ. Newb's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Largest Ship in the World.

The Amerika, the largest ship in the world, which has sailed from Hamburg for New York, is 687 feet long, 74 feet 6 inches wide and 53 feet deep. She can carry about 4,000 passengers and crew.

It was only last April that she was launched at Belfast, and the placing in her of her machinery, etc., has been accomplished with remarkable speed.

With the maiden voyage of this vessel almost the last distinction between life on an ocean liner and that in a first-class modern hotel disappears. The Amerika has an a la carte restaurant, open day and night, and it is understood that if passengers desire they can pay for transportation only and buy their meals on board.

The vessel has electric elevators from one deck to another, telephones from the staterooms to the restaurant and other parts of the ship, a florist's shop, a gymnasium, trained nurses, a nursery for children and electric and hydropathic baths.

The a la carte restaurant is on the sixth deck, and will seat about 120 persons. It is under the management of the Ritz Hotel Company. It is decorated in the Renaissance style. The main dining-saloon is decorated in the Louis XVI. style, and is 100 feet long and as wide as the ship. The smoking-room is in the English Elizabethan style, and has a huge fireplace. It is the loftiest apartment on the ship, extending through two decks.

None of the staterooms on the vessel has upper berths.

Warns America.

Privy Councillor Goldberger, an authority on the tariff question, has just published in the Berlin Tageblatt an article which has excited much attention in that city. In it he discusses the question of a reciprocal treaty commercially between the United States and Germany.

Although at present the Americans are in a contented mood, he says, owing to their prosperity, the time will come when their demands will diminish, and the States will absolutely need a larger export trade for the country's enormous industries.

If reciprocal treaties are not concluded then the United States will find the doors of all the European States, especially those of Germany, closed to them.

Herr Goldberger admits, however, that for the moment there is no hope of the reversion of the American tariff.

"Everything in the United States," he says, "points to the rejection by Congress of President Roosevelt's proposals for the reform of the railway tariff. In addition to this, the American Protective Tariff League is displaying the greatest activity, both among electors and members of Congress, to prove any concessions on protection would be a danger to trade. Henry Litchfield West, however, raises a warning voice that if no reciprocity treaty is concluded with Germany the most-favored nation clause will cease to exist, and in the end all European nations will continue to oppose the United States with protective tariffs."

Woman Thief.

Released Monday from the State prison at Auburn, N. Y., Helen Wilson, 30 years old, was arraigned before a magistrate in Philadelphia yesterday charged with the theft of \$2,500 worth of jewelry and silverware from Mrs. A. H. Seaman, of that city. The robbery was committed in 1901. The woman secured a position as maid to Mrs. Seaman, and while the family were away during the summer of 1901 the woman was left in charge of their town house. She is said to have taken the jewelry and silverware and disappeared.

The woman is a perfect vision of beauty. Her natural blonde hair, luxuriant and shimmering, arranged in stylish coiffure, crowned a well-rounded head, and her perfect complexion, Grecian features and smiling eyes elicited a murmur of admiration. According to police records of the country the woman has a record as a female thief that rivals any of its kind. Her great beauty has made itself easy, and on scores of occasions is said to have gained her leniency that a homely face would never have received.

According to these records, she has robbed scores of people in the east, and her favorite mode of proceeding was to secure employment as a lady's maid, gain the confidence of her employer, and when accorded a position of trust, abscond with all the jewels and silver in sight.

Could Not Be Better.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Milford, Va., who says: "It works like magic, and is the best preparation I know of. It couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by Gibson & Timberman and W. F. Creighton & Co.

House Work

Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration of the womb and ovaries cause fearful bearing down pains which are aggravated by much standing on the feet, and lifting necessary in house work.

But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism,

Lydia E. Pinkham's Vegetable Compound

has cured more than one million American Women, and it will cure you. When monthly periods are painful or irregular, when back-aches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed.

My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system.

I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.
